BOAT SALES

LAKELAND LEISURE ESTATES

Description

Black Cat is a 28ft x 8ft cruiser widebeam offering a bright and open-plan interior with plenty of natural light throughout. Built in 1997 by George Butler, both hull and fit-out, this boat has a spacious feel that makes it ideal for relaxed cruising or as a comfortable base for weekend escapes. The layout flows well from stern to bow, creating a practical and easy-to-live-in space.

Inside, the galley is neatly arranged and provides everything needed for onboard living, including a fridge/freezer, sink, worktop space and storage cupboards. Its position within the open-plan layout keeps the boat feeling sociable and uncluttered, making it easy to cook while still enjoying the surrounding space.

The bedroom features a double bed, offering a cosy and private sleeping area suitable for two people. The bathroom is located towards the stern and is fitted with a cassette toilet, supported by an approximate 50-litre water tank capacity, making it practical for cruising and short stays aboard.

Powered by a Suzuki 5hp outboard engine, Black Cat is a straightforward and manageable boat. While the stern hatch requires repair and the front window will need replacing, this boat presents an excellent opportunity for a new owner to personalise and improve over time. With solid foundations and a simple, bright layout, Black Cat is a great starting boat with plenty of potential.
