Description

Grey Pearl is an elegant 60ft cruiser stern narrowboat offering refined, modern living with the confidence of a comprehensive professional refit completed in September 2021 by Keel Boat Services Ltd. Built on a Viking Afloat hull, this beautifully presented boat combines timeless craftsmanship with contemporary comfort, making her ideal for relaxed cruising, extended stays, or full-time life on the water.

The exterior has been finished to an exceptional standard, featuring a full superstructure repaint and a professionally treated hull protected with multiple coats of 2-pack epoxy resin, alongside four new anodes for long-term peace of mind. The cruiser stern is both stylish and practical, enhanced with red canvas ¼ covers and deck fittings designed to accommodate a social dining table.

At the heart of Grey Pearl is a brand new Barrus Shire 43hp engine with PRM 150 gearbox, installed in 2021, delivering smooth, reliable performance. Year-round comfort is assured with a Webasto central heating system and a Refleks diesel stove with copper upgrade, creating a warm and inviting onboard atmosphere in every season.

The reverse layout flows seamlessly from stern to bow — Galley, Dinette, Saloon, Bathroom, and Bedroom — maximising space, light, and practicality. The interior was fully renewed in 2021 and finished with ash grey laminate flooring, contemporary wall and ceiling finishes, and polished chrome electrical fittings, many with integrated USB ports.

The galley is a standout feature, offering Corian worktops, a 3-burner hob, eye-level oven with separate grill, microwave, and 70/30 fridge-freezer, complemented by generous storage throughout. The L-shaped dinette converts effortlessly into a double berth, providing flexible accommodation for guests.

The saloon is both stylish and relaxing, featuring a bespoke under-gunwale media unit, a 32" Smart TV, and a custom sofa by Elite Furnishings, with the Refleks stove providing a cosy focal point. The bathroom is spacious and modern, with a large glazed shower, pump-out toilet, heated towel rail, and ample storage, while the bow bedroom offers a tranquil retreat with a convertible double bed, wardrobe storage, and thoughtful detailing throughout.

With generous tankage — 500L water, 300L waste, and 200L fuel — Grey Pearl is perfectly suited to extended cruising or residential use.

Immaculately presented, extensively upgraded, and ready to cruise immediately, Grey Pearl represents a rare opportunity to acquire a truly turn-key narrowboat of this calibre.

Viewings are highly recommended.
